

TROJAN

*Bathroom  
Collection*

Castle Hill, Huddersfield, home to Trojan

*A deserved reputation*

## Manufacturing quality products in the heart of Yorkshire

**From small beginnings in 1975, Trojan has become one of the largest manufacturers of acrylic baths in Europe, with a reputation for manufacturing high quality products.**

As a company we continually invest in new designs, plant and equipment in order to keep moving forward in an ever evolving, fiercely dynamic and competitive global market.

At all levels of our organisation, we remain the forerunners of our industry. We set the standards in bath manufacturing both within the UK and overseas.

Our products are manufactured to a high standard and specification, always at a competitive price.

We hope you enjoy reading more about all of our Trojan brands and products and we get to work together soon!

*D Mosley*

Managing Director

## CONTENTS

### 06 Trojan Baths

Made from sanitary grade cell cast acrylic, a Trojan Bath is a quality product guaranteed to provide you with comfort and relaxation.

### 40 Trojancast

Manufactured in its own purpose built factory, Trojancast gives your Trojan Bath the associated strength and durability of a cast iron bath but the warmth and quality of a modern day acrylic bath.

### 42 Bath Panels

A wide range of quality bath panels to suit any budget and design.

### 46 Tiling Solutions

Create the look that you want in your bathroom with our range of tiling solutions.

### 50 Bath Screens

Available in 2 designs, our bath screens are designed to deflect water back into the bath easily.

### 52 Slate Effect Shower Trays

Our range of gel coat stone resin bonded shower trays are designed in-house with the latest technologies, providing ultimate strength and durability.

### 56 Aquair

Our range of Aquair systems offers you a quality Trojan Bath but with the added features of a relaxing spa experience through 3 different systems.

### 60 Ramsden & Mosley

Our exclusive range of solid surface baths are made using the finest raw materials and skilled craftsmanship. Being steeped in British history, all R&M baths are named after Isles that surround Britain.

### 70 Bathe Easy

Our specialist range of easy access baths have been designed to make bath time a relaxing and stress free experience, regardless of a persons physical abilities.

### 90 Simply No Slip

Avoid slips and falls with this permanent slip resistant coating which can be applied to your Trojan Bath or Trojan Tray, making the surface safer when wet.

### 92 Fittings

All of our baths come with the fittings required, but these change dependent on location. Take a look at the fittings that are applicable to you.

### 98 Corporate Social Responsibility

Sustainability is a key concern for Trojan, we like to ensure we are doing as little harm to the environment as possible.

# The ultimate in quality

## Baths to suit all needs

At Trojan we are committed to offering something for everyone. Whether you're looking for comfort and design or size and value, we're confident that you'll find a product to suit your bathing needs.

# Floor Standing Baths

ADD AN EYE-CATCHING CENTREPIECE TO ANY BATHROOM

FLOOR STANDING BATHS

*All of our twin skin floor standing baths are made to the highest quality.*

- Two acrylic sheets seamlessly bonded to create a one piece bath and surround
- Encapsulated baseboard routed and shaped to cover the full base of the bath including around the plug hole
- All twin skin floor standing baths are supplied with a factory fitted support frame and adjustable feet to compensate for any uneven floor
- Unless stated otherwise, supplied with factory fitted click-clack waste and slotted overflow
- All floor standing baths are supplied with support fittings as standard.

#### Material and Product Standards

- EN263, EN198, CE EN14516:2015 CL.2 PH

#### Optional Extras

- Due to the construction Trojan twin skin floor standing baths cannot be fitted with an Aquair wellness system
- Trojancast cannot be applied to Trojan twin skin floor standing baths.

#### DURABILITY

Built to last, these baths come with a 5 year guarantee

#### VALUE

The best price for a high quality product

#### COMFORT

In a range of sizes for maximum enjoyment

#### SIZE

Recognises the concern with space

## ALCORA

*An elegant and beautifully simple design, created to complement a wide range of sanitaryware designs. Available in a range of sizes to fit most bathrooms, this stunning bath will provide you with a beautiful bathroom focal point.*

**Sizes Available:** 1800x750, 1655x750, 1555x750, 1455x750

#### Advice:

- Supplied with a factory fitted pop up waste and overflow
- Can be drilled for bath mounted taps
- Create a truly luxury look and add floor standing bath taps with a shower mixer.

## MARLBOROUGH

*A modern square design bath, fit for the 21st century. This stylish, square floor standing bath will transform your bathroom into a bold, sophisticated space. Designed to complement modern sanitaryware, the Marlborough remains the central focus of any bathroom.*

**Sizes Available:** 1700x800

**Advice:**

- Due to the contemporary design of the bath, mounted taps cannot be fitted to the Marlborough
- Square design floor standing taps would complement the square look of the Marlborough.

### Sanitary grade CELL CAST ACRYLIC

Sanitary grade cell cast acrylic is formulated and cast for use in the sanitaryware market. The material has many positive attributes, which make it ideal for manufacturing baths. Acrylic allows itself to be moulded into many shapes, enabling our in-house design team to create products that are ergonomically conscious and reflective of market trends.

Acrylic is warm to touch and retains the water's heat thanks to its natural insulating properties, enabling you to relax and unwind for longer. The natural gloss of cast acrylic is not only a surface finish but all the way through the acrylic sheet, resulting in a product that is smooth and very easy to clean.

## HAMPTON

*A beautiful thin rim floor standing bath that is elegant yet timeless in equal measure. The thinner rim design offers refinement and grace as well as durability, making it practical for family bathing, without losing the designer look from your bathroom.*

**Sizes Available:**  
1700x800, 1600x800

**Advice:**

- Due to the contemporary design of the bath, mounted taps cannot be fitted to the Hampton
- Either square or cylindrical floor standing taps would complement the contemporary look of the Hampton.

*Perfect for families*

## EMERALD *Single Ended*

*Following on from the success of the Emerald double ended bath, our single ended version is perfect for any stylish bathroom, adding a touch of luxury and sophistication.*

Sizes Available: 1700x800

### Advice:

- Due to the contemporary slipper design of the Emerald SE bath, mounted taps cannot be fitted
- Traditional floor standing taps, perhaps with a hand held shower, would complement the slipper design of the Emerald SE
- At its highest point the Emerald SE is 720mm high.

## EMERALD *Double Ended*

*This double ended subtle slipper design is a stylish alternative to the traditional floor standing bath. Adding elegance as well as providing luxury to give your bathroom a designer look.*

Sizes Available: 1800x800, 1700x800

### Advice:

- Due to the contemporary slipper design of the Emerald DE bath, mounted taps cannot be fitted
- Traditional floor standing taps, perhaps with a hand held shower, would complement the slipper design of the Emerald DE
- At its highest point the Emerald DE is 720mm high.

## WINTON

*A floor standing slipper bath, radiating with beauty and fit for the modern bathroom, the Winton can trace its heritage to the Eaton claw-foot bath. This stunning modern slipper bath is designed to become the striking centrepiece of your bathroom.*

**Sizes Available:**  
1700x720

**Advice:**

- Due to the contemporary slipper design of the Winton bath, mounted taps cannot be fitted
- Traditional floor standing taps, perhaps with a hand held shower, would complement the slipper design of the Winton
- At its highest point the Winton is 820mm high.

### Our 5 year guarantee

All Trojan Floor Standing Baths come with a confident 5 year guarantee against manufacturing defects. Trojan uses only sanitary grade cell cast acrylic sheet in the manufacturing of its baths. This sheet has been tested and passed to EN263 / BS7015 by an independent and industry recognised company. All Trojan baths carry the CE & UKCA marking, complying with EU & UK legislation.

## DARLINGTON

*The ideal back-to-wall bath for the modern bathroom. The Darlington has the added benefit of fitting up to the wall, making the most of all available space.*

**Sizes Available:**  
1700x800

**Advice:**

- Can be drilled for bath mounted taps
- Wall mounted taps would complement the back-to-wall nature of the design of the Darlington.

STRIKING SLIPPER DESIGN

# Claw Feet Baths

A STUNNING ADDITION TO ANY TRADITIONAL STYLE BATHROOM

## CLAW FEET BATHS

*With Victorian-inspired designs, twin skin claw feet baths make a stunning addition to any bathroom.*

- Two acrylic sheets bonded under the roll top to create a jointed bath and surround
- Encapsulated baseboard is routed and shaped to cover the full base of the bath including around the plug hole
- Trojan twin skin claw feet baths are not supplied with wastes or overflows. A traditional plug and chain would be in keeping with claw feet bath design (but are not included)
- Supplied with adjustable claw feet to compensate for any uneven floor
- All claw feet baths are supplied with support fittings as standard.

### Material and Product Standards

- EN263, EN198, CE EN14516:2015 CL.2 PH

### Optional Extras

- Due to the construction Trojan twin skin claw feet baths cannot be fitted with an Aquair wellness system
- Trojancast cannot be applied to Trojan twin skin claw feet baths
- Each bath is available with silver lions feet or ball and claw feet in silver, white or black.

*Our ball and claw feet are available in 3 colours*

SILVER

WHITE

BLACK

## CLERMONT

*Set upon traditional claw feet and designed to accept bath mounted pillar taps, the Clermont is the perfect centrepiece for any classic style bathroom.*

Sizes Available: 1695x785

### Advice:

- Designed to be drilled for bath mounted taps, the Clermont mirrors the traditional Victorian style bathroom
- Adding a modern but traditional looking mixer set with hand held shower can complete the British heritage look
- Lions feet come as standard with the Clermont.

## VICTORIA

*A fabulous addition to any bathroom, the Victoria fits perfectly into all corners, delivering the benefits of a fitted bath but with the wow factor of claw feet and a freestanding aspect. The perfect shower bath if ever there was one!*

**Sizes Available:** 1685x750

### Advice:

- Wall mounted taps would complement the fitted nature of the design of the Victoria
- Adding our simple Curved shower screen (see page 51) instantly delivers the ultimate shower bath for a stunning yet practical bathroom
- Left hand option shown.

## UPPINGHAM

*A compact claw-foot bath. It's small size and Victorian design allows the traditional luxury feel even in smaller bathrooms or attic spaces.*

**Sizes Available:** 1570x735

### Advice:

- Floor mounted taps allow position flexibility in a compact bath
- Ideally suited for the smaller bathroom or attic space.

## EATON

*Offering you a classic yet contemporary feel, the Eaton becomes the focus of any bathroom with traditional claw feet and a modern roll top slipper design.*

**Sizes Available:** 1710x740x785

### Advice:

- Designed to be drilled for bath mounted taps, the Eaton mirrors the Victorian style slipper bath
- At its highest point the Eaton is 785mm high.

# Skirted Baths

A TOUCH OF ELEGANCE

*Savoy shown with optional black skirt*

*Add a touch of elegance to any bathroom with a striking skirted bath.*

SKIRTED BATHS

- Trojan floor standing skirted baths are made from an acrylic sheet and the skirt surround an ABS capped acrylic sheet
- The bath has an encapsulated baseboard that is routed and shaped to cover the full base of the bath including around the plug hole
- All Trojan floor standing skirted baths are supplied with fittings as standard
- Pop up wastes and overflows can be fitted to our range of skirted baths
- All skirted baths can be drilled for bath mounted taps.

### Material and Product Standards

- EN263, EN198, CE EN 14516:2015 CL.1 PH
- FSC TT-COC-003576

### Optional Extras

- Due to the construction Trojan floor standing skirted baths cannot be fitted with an Aquair wellness system
- Trojancast cannot be applied to Trojan floor standing skirted baths.

## SAVOY

*A beautiful and popular design that offers bathers comfort and space. The engineered skirt is available in a range of different colours, including black and brushed steel, allowing you to personalise your space.*

**Sizes Available:** 1800x800, 1700x755

### Advice:

- An EPS Tiling solution kit can be provided for the Savoy bath. For full details on this kit and how it can create a wide range of different installation options see page 48
- Create a truly luxury look and add floor standing bath taps with a shower mixer.

# Inset Baths

REWIND & RELAX WITH A SPA-LIKE BATH

## Add your own tiling style

Create your own personal style with our tiling solutions, allowing you to create a home bathroom that looks like your very own spa! Check out the wide range of options available on page 48.

INSET BATHS

*Designed to be built around or tiled in, an inset bath allows for a spa-like feel in any home.*

- ASTERITE® acrylic sheet
- Encapsulated baseboard routed and shaped to cover the full base of the bath including around the plug hole
- Injection moulded blocks to offer rim support and fixing points for installation kits
- All Trojan inset baths are supplied with fittings as standard in the UK and Europe.

#### Material and Product Standards

- EN263, EN198 , CE EN 14516:2015 CL.1 PH
- FSC TT-COC-003576

## AMARE SUPERDEEP

*A twin person bath designed to offer both intimacy and personal space in equal measure. The linear waste cover adds comfort and style to this crafted bathroom statement.*

Sizes Available: 1800x1200

#### Advice:

- An EPS Tiling solution kit can be provided for the Amare inset bath. For full details on this kit see page 48
- The Amare can be drilled for bath mounted taps.

Available in Trojancast

## Trojan Advice

Create a true spa experience at home by adding bespoke whirlpool or airspa systems with Aquair. Depending on the type of installation, Trojan can offer a more tailored system on the Amare and Oasis bath range. See page 56.

## OASIS

*A contemporary and modern design offering a regal bathing experience. The Oasis gives your bathroom a stunning centrepiece as well as catering to all your relaxation needs.*

Sizes Available: 1800 Ø

### Advice:

- Taps can be mounted onto the Oasis bath, as shown in the image below
- An EPS Tiling solution kit can be provided for the Oasis bath. For full details on this kit see page 48.

*Sink into blissful luxury*

## Corner & Offset Corner Baths

MAXIMISE YOUR SPACE

### CORNER & OFFSET CORNER BATHS

*Designed to offer generous bathing spaces and maximise space in any bathroom.*

- ASTERITE® acrylic sheet
- Timber blocks to offer rim support and fixing points for installation kits
- Encapsulated baseboard routed and shaped to cover the full base of the bath including around the plug hole
- All Trojan corner baths are supplied with corner bath fittings as standard in the UK and Europe.

### Material and Product Standards

- EN263, EN198, CE EN 14516:2015 CL.1 PH
- FSC TT-COC-003576

Available in Trojancast

## LAGUNA

*A classic corner bath, this attractive and timeless design is everything you need for an alternative looking bathroom.*

Sizes Available: 1450x1450, 1400x1400, 1350x1350, 1200x1200

### Advice:

- Due to its radius, the Laguna cannot be installed with EPS tiling board.

## QUEBEC

*An alternative twist on the classic corner bath, this quirky design is ideal for smaller spaces, yet still provides a luxury bathing experience.*

Sizes Available (LH & RH): 1500x1000

### Advice:

- Due to its radius the Quebec cannot be installed with EPS tiling board
- A shower screen is available for the Quebec
- Left hand option shown below.

## ORLANDO LH & RH

*For those wanting luxury bathing but with limited space, the Orlando fits perfectly into the corner of any bathroom and will allow you to experience incredible relaxation.*

Sizes Available: 1500x1040 (LH + RH)

### Advice:

- Due to its radius, the Orlando cannot be installed with EPS tiling board
- Handed by the seat (left hand shown).

# Shaped Baths

A SOLUTION FOR BATHROOMS WITH ALTERNATIVE LAYOUTS

QUIRKY DESIGN

## D SHAPED

*With a distinctive curved design, the D shape sits against the wall, transforming a bathroom into a modern and contemporary space.*

Sizes Available: 1700x800

### Advice:

- Don't forget the one piece D Shaped panel
- Cannot be installed with EPS tiling board.

SHAPED BATHS

*Designed to utilise any bathroom space and fit into alternative shaped bathrooms too!*

- ASTERITE® acrylic sheet
- Encapsulated baseboard routed and shaped to cover the full base of the bath including around the plug hole
- Timber blocks to offer rim support and fixing points for installation kits
- All Trojan shaped baths can be drilled for bath mounted taps
- All shaped baths are supplied with bath fittings as standard in the UK and Europe.

### Material and Product Standards

- EN263, EN198, CE EN 14516:2015 CL.1 PH
- FSC TT-COC-003576

### Optional Extras

*Did you know Trojancast is suitable for almost all Trojan Baths?*

Trojancast is a substantial reinforcement process which results in each bath being incredibly strong and hard-wearing. Upgrade your bath today!

See page 40 for more information.

## J SHAPED

*Designed with modern bathrooms in mind, the J shape is ideal where space is limited but style is essential.*

Sizes Available (LH & RH): 1700x750, 1500x750

**Advice:**

- Don't forget the J Shape dedicated bath panel
- Cannot be installed with EPS tiling board
- Handed by plug end (left hand shown).

*An ideal bath for modern bathrooms with limited space*

# Shower Baths

THE CONVENIENCE OF A SHOWER,  
WITH THE COMFORT OF A BATH

SHOWER BATHS

*Designed to give total flexibility between bathing and showering in any bathroom.*

- ASTERITE® acrylic sheet
- Encapsulated baseboard routed and shaped to cover the full base of the bath including around the plug hole
- Timber blocks to offer rim support and fixing points for installation kits
- Our range of shower baths can be drilled for bath mounted taps above the waste and overflow, or half way down the long wall side
- All shower baths are supplied with bath fittings as standard in the UK and Europe.

#### Material and Product Standards

- EN263, EN198 , CE EN 14516:2015 CL.1 PH,
- BS EN 12150
- FSC TT-COC-003576

#### *Trojan Advice*

Create your own personal style with our tiling solutions, allowing you to create a home bathroom that looks like your very own spa with inbuilt shelving! Check out the wide range of options available on page 46.

## SOLARNA L

*A magnificent L shaped design providing a spacious showering area, with contoured edges giving it a clean and crisp finish.*

Sizes Available (LH & RH): 1700x850x700, 1500x850x700

#### Advice:

- The Solarna L has a dedicated bath panel
- The Trojan screen has a rail to create a more luxurious look and feel to the bathroom
- Handed by screen (right hand shown).

## SPACE SAVER

*Living up to its name, this model is ideal for studio style bathrooms where space is limited but style is essential. Add on a Space Saver shower screen for a sophisticated finish.*

Sizes Available (LH & RH): 1690x690x500

### Advice:

- The Space Saver has a dedicated bath panel
- The Trojan Space Saver screen is supplied with a rail to create a more luxurious look and feel to the bathroom
- The screen is designed to fit at the narrow end of the bath but it can be fitted at the wider end of the bath too
- Handed by plug end (right hand shown).

## EVOLVE

*The perfect alternative shower bath, this rectangular design takes up less width in the bathroom compared to a traditional shaped shower bath.*

Sizes Available (LH & RH): 1700x750

### Advice:

- The Evolve shower bath will accept any regular rectangle bath panel
- The rectangular design means that a regular screen can be used, no need for a shaped glass screen.

## Proud of our Yorkshire heritage

We are proud of our Yorkshire roots and our ability to employ a local workforce from the surrounding districts of Huddersfield including Golcar, Slaithwaite and Linthwaite.

DISTINCTIVE SHAPE

## CONCERT P

*Combining showering and bathing in a distinctive P shaped design with sleek edges and a stunning white gloss finish. Available in a wide range of sizes making it suitable for all traditional and smaller bathrooms.*

**Sizes Available (LH & RH):** 1700x850x750, 1675x850x750, 1600x850x750, 1500x850x750

### Advice:

- Cannot be installed with EPS tiling board
- The Concert P has a dedicated bath panel
- Handed by the shower screen (right hand shown).

### Optional Extras

Add something special to any of the baths featured in this section.

# Double Ended Baths

BRING A TOUCH OF GLAMOUR TO YOUR BATHROOM

## CASCADE DE

*Practical and timeless design perfect for family bathing, the Cascade model sits well in all styles of bathroom. The double-ended option offers you flexibility and comfort.*

**Sizes Available:** 1800x800, 1700x750, 1700x700, 1600x750

### Advice:

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

DOUBLE ENDED BATHS

*Indulgent yet practical, these designs bring a touch of glamour to any bathroom.*

- ASTERITE® acrylic sheet
- Encapsulated baseboard routed and shaped to cover the full base of the bath including around the plug hole
- Timber lengths offer rim support and fixing points for installation kits
- All double ended baths can drilled for bath mounted taps
- All Trojan double ended baths are supplied with bath fittings as standard in the UK and Europe.

### Material and Product Standards

- EN263, EN198, CE EN 14516:2015 CL.1 PH
- FSC TT-COC-003576

## CASCADE 460 DE

*Superdeep*

*An adaption of the Cascade model, the 460mm deep bath has been designed with a deeper base to offer you superior relaxation during those long evening soaks.*

Sizes Available: 1900x900, 1800x800, 1700x750

**Advice:**

- Due to depth of bath it is not possible to use a standard 510mm high rectangular panel during installation
- Suitable for Trojan EPS Tiling Board (see page 48).

## ELITE

*This classic and chic rectangular design ensures the Elite complements modern bathrooms.*

Sizes Available: 1800x800, 1700x750, 1700x700

**Advice:**

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

## ALGARVE

*A stunning double-ended design, giving your bathroom that effortless feel of sophistication.*

Sizes Available: 1700x750

**Advice:**

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

*Both indulgent  
and practical*

### *Supporting Communities*

At Trojan, we strongly believe the local community is as important as the global environment. As part of our commitment to the local community, we support local charity Ruddi's Retreat. Take a look at their inspiring work: [www.ruddisretreat.org](http://www.ruddisretreat.org).

## SOLARNA DE

*Generously sized yet undoubtedly comfortable, the Solarna allows you to fully relax at the end of a long day.*

**Sizes Available:** 1800x800, 1700x800, 1700x750, 1700x700

**Advice:**

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

### Our 25 year guarantee

All standard Trojan Baths come with a confident 25 year guarantee against manufacturing defects. Trojan uses only sanitary grade cell cast acrylic sheet in the manufacturing of its baths. This sheet has been tested and passed to EN263 / BS7015 by an independent and industry recognised company. All Trojan baths carry the CE & UKCA marking, complying with EU & UK legislation.

## SOLARNA LINEAR

### Superdeep

*At 460mm deep and with an innovative cover plate to hide your waste, the Solarna Linear adds a flawless finish to a contemporary looking bathroom.*

**Sizes Available:** 1900x900, 1800x800, 1700x750

**Advice:**

- Innovative acrylic waste cover held in place with concealed magnets
- Due to depth of bath it is not possible to use a standard 510mm high rectangular panel during installation
- Suitable for Trojan EPS Tiling Board (see page 48).

### Trojan Advice

Did you know we offer a One Piece bath panel?

The Trojan innovative One Piece bath panel is manufactured in one single piece and as it is a universal design, it fits rectangular baths ranging from 1800x800mm down to 1200x700mm in size.

The One Piece fits a wide range of bath types and sizes, suitable for double and single ended and once trimmed, it fits in minutes, saving time on installation. There is no join between the front and end panel, creating a stunning professional finish every time. Reinforced with glass fibre matting for strength, resulting in a solid feel when fitted.

# Single Ended Baths

THE PERFECT PARTNER FOR ANY BATHROOM

## CASCADE 460D SE

### Superdeep

*An adaption of the classic Cascade, designed with a deeper base to hold a larger amount of water, offering you a greater bathing experience.*

**Sizes Available:** 1800x800, 1700x750, 1600x750, 1700x700

**Advice:**

- Due to depth of bath it is not possible to use a standard 510mm high rectangular panel during installation
- Suitable for EPS Tiling Board (see page 48).

SINGLE ENDED BATHS

*Our range and choice of styles & sizes make these baths the ideal partner for any bathroom.*

- ASTERITE® acrylic sheet
- Encapsulated baseboard routed and shaped to cover the full base of the bath including around the plug hole
- UK & Ireland baths supplied with timber frame including 4mm plywood tap platform to offer rim support and fixing points for installation kits
- Europe and RoW supplied with timber lengths to offer rim support and fixing points for installation kits
- All single ended baths can be drilled for bath mounted taps
- All Trojan single ended baths are supplied with bath fittings as standard in the UK and Europe.

**Material and Product Standards**

- EN263, EN198, CE EN 14516:2015 CL.1 PH,
- FSC TT-COC-003576

*Perfect for heritage style bathrooms*

## ART DECO

*Making the traditional modern, the Art Deco is perfect for traditional, heritage styled bathrooms.*

**Sizes Available:** 1700x750, 1700x700

**Advice:**

- Complete the look with our Tudor Panels (see page 45)
- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

*Original name in bathrooms*  
**THOMAS CRAPPER**

Trojan is owned by Hartford Holdings which also owns Thomas Crapper & Co. Ltd, the original name in bathrooms! If you are wanting to create a truly authentic bathroom visit [www.thomas-crapper.com](http://www.thomas-crapper.com).

## DERWENT

*Bringing joy and comfort to your bathing, the Derwent single ended bath will satisfy all your bathing desires.*

**Sizes Available:** 1700x750, 1700x700, 1600x700, 1500x700, 1400x700, 1200x700

**Advice:**

- Can be supplied with grips (fitted during installation)
- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

## ELITE SOLO

*The Elite Solo is one of our square single ended baths, designed with the modern bathroom in mind.*

**Sizes Available:** 1700x700, 1500x700

**Advice:**

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

## CASCADE SE

*One of our best selling baths, the Cascade SE is hardwearing & practical yet complements any bathroom style.*

**Sizes Available:** 1200x700, 1400x700, 1800x800, 1700x800, 1700x750, 1700x700, 1675x700, 1600x700, 1500x700

**Advice:**

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

### Optional Extras

Add something special to any of the baths featured in this section.

## GRANADA II

*A popular twin gripped bath with a textured base, ideal for family bathing and busy households.*

**Sizes Available:** 1700x700, 1675x700, 1600x700, 1500x700

#### Advice:

- Supplied with factory fitted grips
- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

FEATURING THE ONE PIECE BATH PANEL

## HILTON

*Simplistically beautiful and designed to provide you with the upmost of comfort, the Hilton is a representation of class and elegance.*

**Sizes Available:** 1800x800, 1700x750, 1700x700, 1600x700, 1500x700

#### Advice:

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

## KEYHOLE

*This unique keyhole design will convert your bathroom into an alternative looking space, as well as accommodating all your bathing requirements.*

**Sizes Available:** 1700x800, 1600x750

#### Advice:

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

## SOLARNA SE

*Efficient and practical, the Solarna has a style that will suit all your bathroom ideas.*

**Sizes Available:** 1800x800, 1700x750, 1700x700, 1675x700, 1600x700, 1500x700, 1400x700

#### Advice:

- Suitable for the following panels; standard rectangular (see page 45), vinyl wrapped high gloss MDF (see page 44) and The One Piece (see page 43)
- Suitable for Trojan EPS Tiling Board (see page 48).

# Trojancast

## Our Intensive Reinforcement

### Trojan built a complete new factory to manufacture Trojancast products.

Separate from all other production areas, the dedicated factory has been equipped with the latest technologies and is run by a team of specialist personnel who take pride in each and every Trojancast bath they produce.

### Quality means everything

At each stage of production each individual bath is checked to ensure it reaches our high standards. Each individual employee that checks the bath stamps a label acknowledging they have fulfilled their job requirement. This ensures that the bath manufactured meets our quality criteria. This check label is placed on the back of the bath and remains with it through to delivery and installation.

### Adding value at every stage

As well as the natural benefits of acrylic and the intensive reinforcement of the Trojancast process, all Trojancast baths come with our luxury fittings pack (See page 89).

The guarantee on a Trojancast bath increases from our standard 25 years to 30 years, giving you extra peace of mind.

### SUBSTANTIAL REINFORCEMENT

Trojancast is an intensive reinforcement process offered by Trojan to all our standard acrylic baths\*. This reinforcement process results in each bath being incredibly strong and hard-wearing.

### INSULATING PROPERTIES

Trojancast's British racing green resin jacket covers the entire underside of the bath adding real strength and insulating properties. The additional bath thickness reduces the heat of the water being lost through the side walls, keeping your water hotter for longer.

### AVAILABLE ON ANY RANGE

Trojancast is available on all standard Trojan Baths\* – we don't have a limited range, you can add it to almost any bath you choose!

### PEACE OF MIND

Trojancast results in a bath that has extra strength and rigidity – traditionally attributes only associated with cast iron baths. Ideal for larger families, hotels, B&Bs and rented accommodation.

### MADE IN ENGLAND

Our baths are made with pride in Yorkshire, England. We take control of all our processes giving you peace of mind. Trojancast should not be confused with imported baths claiming to have been through the same process and have the same properties. If it is not made in England it is not to the same standard.

### GUARANTEED

The guarantee on a Trojancast bath increases from our standard 25 years to 30 years. No imported bath will offer the same assurances.

\*Unless otherwise stated

# Bath Panels

A RANGE OF QUALITY SOLUTIONS FOR ANY BUDGET AND DESIGN

BATH PANELS

*We have five bath panel constructions available for your Trojan bath.*

- **THE ONE PIECE**  
Marine grade gel coat surface with a hand laminated glass roving back
- **MDF VINYL WRAPPED PANELS**  
15mm MDF board with a high quality vinyl wrap glued, sealed and heat pressed. Supplied with plinth for adjustment
- **TITAN PANELS**  
A universal 3mm front panel with a 3mm chevron style backing. The two panels are bonded together using specialist styrene glue over a hot melt glue
- **STANDARD PANELS**  
High impact polystyrene sheet vacuum formed and trimmed to offer a quick, quality solution for the UK market. Export panels are manufactured from ABS capped acrylic
- **TONGUE & GROOVE PANELS**  
New to the range is our Tongue & Groove bath panel for front and end, which creates a fantastic finishing feature to any bathroom.

Whether you are considering tiling your bath in or using a standard panel, Trojan offers a wide range of quality solutions suited to any budget and design. Our wide range of bath panels will help play an essential role to your bathrooms overall interior style and finish.

High impact polystyrene panels offer an entry level solution. Available in 2mm or 3mm the Supastyle and Flat panel are timeless in their design and are complemented by the Tudor traditional look panel.

The mid to upper level solution is provided by the Titan, an innovative twin skin panel offering a simple design that hides an engineered second panel that offers substantial strength and durability.

Our exclusive range includes The One Piece, a pioneering front and end panel constructed from a marine grade gel coat that has been hand laminated with fibreglass matting to create a seamless front and end panel into one piece that can be cut to size on site. The end result is an integrated front and end panel that will present the wow factor on any rectangular bath.

## DURABILITY

Built to last, all bath panels come with a 2 year guarantee

## VALUE

The best price for a high quality product

## THE ONE PIECE

*Innovative universal front and end panel manufactured in one single piece.*

- Universal design, supplied to fit rectangular baths ranging from 1800x800mm down to 1200x700mm in size
- Fits a wide range of bath types and sizes, suitable for double and single ended
- Once trimmed, fits in minutes, saving time on installation
- No join between the front and end panel, creating a stunning professional finish every time
- Reinforced with glass fibre matting for strength, resulting in a solid feel when fitted.

## MDF VINYL WRAPPED BATH PANEL

*A simple yet strong bath panel that looks great in any bathroom. Supplied with adjustable plinth.*

Type: Front & End Panels

Front Panel Size: 1800, 1700, 1500  
End Panel Size: 800, 750, 700

Material	Thickness	Colours
MDF	15mm	White

## TUDOR BATH PANEL

*Designed to complement more traditional bathrooms the Tudor panel is ideally suited for the Art Deco bath.*

Type: Front Panel

Front Panel Size: 1700x510  
End Panel Size: 750x510, 700x510

Material	Thickness	Colours
High Impact Polystyrene	3mm	White
ABS Capped Acrylic	3mm	White

### Construction

MDF vinyl wrapped panels offer a complementary solution to white gloss furniture. The panels are supplied with an adjustable plinth providing great flexibility. Trojan's vinyl wrapped panels are not to be mistaken for cheaper painted panels that by comparison are inferior and will not stand the test of time in a bathroom environment.

## SUPASTYLE BATH PANEL

*Hugely popular panel design that complements the majority of bathroom designs. Recessed top edge sits between the bath's trimmed edge and timber support frame.*

Type: Front & End Panels

Front Panel Size: 1800x510, 1700x510, 1500x510  
End Panel Size: 800x510, 750x510, 700x510

Material	Thickness	Colours
High Impact Polystyrene (UK)	2/3mm	White
ABS Capped Acrylic (Europe)	3mm	White

## T&G REINFORCED PANEL

*Beautifully designed tongue & groove front and end panels make a stunning feature of any bath.*

Type: Front & End Panels

Front Panel Size: 1700x510  
End Panel Size: 700x510

Material	Thickness	Colours
High Impact Polystyrene	x2 3mm	White
ABS Capped Acrylic	x2 3mm	White

## TITAN BATH PANEL

*A universal panel that works in both modern and traditional bathrooms.*

Type: Front & End Panels

Front Panel Size: 1800x510, 1700x510, 1500x510  
End Panel Size: 800x510, 750x510, 700x510

Material	Thickness	Colours
High Impact Polystyrene	x2 3mm	White
ABS Capped Acrylic	x2 3mm	White

## FLAT BATH PANEL

*A plain design with a right angled return at the top and bottom of the panel offering a timeless look for your bathroom.*

Type: Front & End Panels

Front Panel Size: 1800x510, 1700x510, 1500x510  
End Panel Size: 800x510, 750x510, 700x510

Material	Thickness	Colours
High Impact Polystyrene	2/3mm	White
ABS Capped Acrylic	3mm	White

### Export Advice

Bath panels supplied by Trojan outside of the UK are only manufactured using ABS Capped Acrylic.

# Tiling Solutions

CREATE YOUR OWN PERSONAL STYLE FOR YOUR BATHROOM

As a company we are passionate about helping you create the look you desire in your bathroom. With a range of tiling solutions to create an individual look for a variety of baths, we can assist the installer in creating a genuine spa feel to your new or renovated bathroom.

The Trojan Panel Tiling Board is made from expanded polystyrene foam (EPS) with a cement based polymer and fibreglass reinforcement covering. The cement based polymer means the panels have three times the adhesion grip to the tiles than timber or plasterboard alternatives. Trojan's Panel Tiling Board offers a 100% moisture resistant solution if your preferred option is to tile the bath in.

## VALUE

The best price for a high quality product

## DESIGN

Carefully considered aesthetics for all bathrooms

# PANEL TILING BOARDS

All rectangular Panel Tiling Boards come with pre-fitted adjustable feet in the panel to assist in a level fit on uneven bathroom floors.

# SHELVES & STORAGE TILING

Want built-in shelves and storage areas in your bathroom? Trojan Panel Tiling Board is also available in pre-assembled sections so that once fitted, can easily be tiled to provide an integrated 100% moisture resistant solution.

### Our 10 year guarantee

All our slate effect shower trays offer superior quality – which is backed by our 10 year guarantee.

# Aquair Whirlpool Baths

CREATE A RELAXING SPA EXPERIENCE AT HOME

## QUALITY COMPONENTS

All components of our whirlpool bath are produced by world renowned experts in whirlpool design and technology. Water is drawn from the bath and forced back through jets. The systems use flexible pipe work, which is smooth, so not as to retain water, yet strong enough to withstand any sagging.

## SYSTEM CHOICE

We offer a variety of water and air systems which can also be combined to create the ultimate wellness system. In addition there are a number of different options and upgrades to personalise your bath to your needs.

## AMBIENT OPTIONS

Aquair offer a range of lighting options to help you create the perfect environment to relax in.

## ATTENTION TO DETAIL

Hygienic drainage is crucial to great design. Our pipe work is shaped and supported to promote maximum system drainage and minimal water retention. Ozonators are available for customers wishing to clean the water during use. A cleaning solution is also available to keep your system clean and fresh.

## SAFETY

All our whirlpool systems include 'child safety suction'. Tested to BS EN 12764:2004+A1:2008.

**AQUAIR**  
WHIRLPOOL BATHS

## QUALITY ASSURED

Each component part that makes our systems is 100% quality assurance checked prior and during the installation onto the bath by fully trained and approved operators.

Pop up waste and overflow supplied as standard.

Two year guarantee on all systems.

All our baths are factory tested and approved. We test each one of our whirlpool baths under normal working conditions for 30 minutes and then a 30 minute standing period giving you absolute peace of mind.

By choosing an Aquair system on a Trojan bath there is no third party handling. We control the entire manufacturing process and the fitting of the system itself. We provide our own dedicated service van to ensure that we can provide a prompt and professional aftersales backup.

### COMFORT

Offering contentment and relaxation

### SIZE

Recognises the concern with space

### Upgrade your whirlpool bath:

#### Bluetooth Connection

Play music through your bath by connecting it via Bluetooth to music streaming devices

#### In line water heater

Heats the water during the whirlpool cycle to improve relaxation and bathing time by compensating for natural heat loss

#### Electronic upgrade

Removes pneumatic switch and replaces it with an electronic control pad (includes low water sensor)

#### Overflow filler

Allows the installer to connect the hot water feeds to the overflow for filling the bath

#### Ozonator

Removes harmful bacteria during the whirlpool cycle for added hygiene

#### Single LED light

One LED light that can change colour (7 colours)

#### Whirlpool cleaner

1 litre of whirlpool cleaner for hygiene and peace of mind

System	Level	No. of Jets	Position of Jets
<b>Whirlpool</b> Jets feed water into the bath at pressure, to offer an invigorating bathing experience.	One	6	Sides (3+3)

# Ramsden & Mosley

SUPERIOR MANUFACTURING  
& LUXURIOUS BATHING

## Dedication to the highest quality

It is recognised that a quality product is borne out of using only the finest raw materials available and combining these with modern technology and skilled craftsmen with an eye for detail.

The range of Ramsden & Mosley solid surface baths are manufactured from a mix of high-grade polymers and natural minerals. The balance of quality raw materials, investment in modern equipment and artisan craftsmen results in a range of products that are technically superior. Every Ramsden & Mosley bath is manually polished for several hours, by hand, to create a product that looks and feels beautiful.

– QUALITY –  
SINCE 1975

### DURABILITY

Built to last, all baths come with a 10 year guarantee

### DESIGN

Carefully considered aesthetics for all bathrooms

### COMFORT

In a range of sizes for maximum enjoyment

### SIZE

Recognises the concern with space

# Gloss Finish Baths

STUNNING BATHS WITH GLOSS EFFECT FINISHES

## Stunning finishes

Constructed from a dolomite resin mix with a gel coat outer and inner coat, creating a stunning gloss effect finish.

Each bath has been cast from a single mould to produce solid, beautifully smooth, heat and scratch resistant surfaces.

## Bute

Simplicity in an oval design to create a modern-day classic. A bath that invites you to escape modern life and relax.

Sizes Available (mm)	Weight (kg)	Capacity (l)
1600x720	85	260

Advice:

- Factory fitted click clack waste.

## Jura

A glamorous mix of modern and traditional design, the Jura is designed for the more compact bathroom that deserves a timeless feature bath.

Sizes Available (mm)	Weight (kg)	Capacity (l)
1600x690	76	260

Advice:

- Factory fitted click clack waste.

## Steeped in British manufacturing history

Steeped in British bath manufacturing history, the Ramsden & Mosley range of beautiful solid surface baths are named after the isles that surround Britain.

## Skomer

A truly stunning contemporary floor standing double ended bath. Designed to create a beautiful centrepiece in any bathroom.

Sizes Available (mm)	Weight (kg)	Capacity (l)
1700x725	120	350

**Advice:**

- Factory fitted click clack waste.

WATCH THE VIDEO

Scan the QR code to see our video featuring the R&M range of baths.

## Ethically sourced

All Ramsden & Mosley products are manufactured with the environment in mind and we strive to deliver a product that is not only made from the finest materials but that are ethically sourced too.

## Canna

A modern single ended free standing bath with an extended backrest for additional support during long soaks. Designed to be the showpiece of any bathroom.

Sizes Available (mm)	Weight (kg)	Capacity (l)
1595x730	100	230

**Advice:**

- Factory fitted click clack waste.

# Matt Finish Baths

LUXURIOUSLY SMOOTH FINISHES  
ADD A CONTEMPORARY FEEL

## Solid surface & highest quality

Cast from liquid acrylic resin to create a spectacular matt finish. Each bath has been cast from a single mould to produce solid, luxuriously smooth, heat and scratch resistant surfaces.

### Hellisay

A contemporary double ended curved bath, coupled with straight internal sides to generate a cavernous bathing area. Crafted in a single piece with an integral overflow.

Sizes Available (mm)	Weight (kg)	Capacity (l)
1800x800	125	400
1700x750	115	360

**Advice:**

- Factory fitted click clack waste and integral overflow.

## Anglesey

Strong lines complement subtle curves to create a sophisticated double ended freestanding bath. Ergonomically crafted to create an ideal escape for two or your own personal sanctuary. Crafted in a single piece with an integral overflow.

Sizes Available (mm)	Weight (kg)	Capacity (l)
1800x800	130	330
1700x750	120	280

### Advice:

- Factory fitted click clack waste and integral overflow.

## Cara

Designed with simplicity and comfort in mind. The Cara bath combines a modern design with extreme comfort and low step-in height. An elegant freestanding bath design.

Sizes Available (mm)	Weight (kg)	Capacity (l)
1700x750	88	230

### Advice:

- Factory fitted click clack waste.

# Bathe Easy

HELPING YOU TAKE THE WORRY

# Walk-In Baths

EASY ACCESS BATHING  
& SHOWERING

*Elegantly designed, our P and L shaped shower baths include key safety features and allow comfortable, safe bathing. These baths offer an ideal solution for easy access bathing and showering.*

Available in left or right handed options, each walk-in shower bath features an anti-slip base for added peace of mind. Each bath includes a shower screen and x1 front and x1 end panel. The baths access door is not located at the tap end, to avoid glass over glass when the screen is required. Both baths feature twin waste for up to 40% quicker drainage for added safety.

**Elderly**

**Families**

## P SHAPED CONCERT

*Elegantly designed, our P shaped shower bath includes key safety features and allows comfortable, safe bathing and showering.*

**Sizes Available (LH & RH):**  
1675x850x750

### Advice:

- Low threshold door
- 10mm tempered glass door treated with transparent water stain protector
- Manual locking system with simple to operate push and pull mechanism (20 Newtons / 4.5lbs of pressure)
- Metal components (handle, lock and hinges) manufactured in polished Stainless Steel Alloy - Grade 304
- Shower screen included
- Supplied with twin pop up wastes as well as x1 front and x1 end panel.

## L SHAPED SOLARNA

*This contemporary design features a low threshold door and is a perfect shower bath for all.*

**Sizes Available (LH & RH):**  
1700x850x700

### Advice:

- Low threshold door
- 10mm tempered glass door treated with transparent water stain protector
- Manual locking system with simple to operate push and pull mechanism (20 Newtons / 4.5lbs of pressure)
- Metal components (handle, lock and hinges) manufactured in polished Stainless Steel Alloy - Grade 304
- Shower screen included
- Supplied with twin pop up wastes as well as x1 front and x1 end panel.

### Our 5 year guarantee

All of our Bathe Easy baths come with a confident 5 year guarantee against manufacturing defects, as all of our products are built to last!

*Low threshold sides*

## CASCADE

*Perfect for those who love to bathe but don't want the worry of climbing in and out.*

(LH shown)

**Sizes Available (LH & RH):**  
1500x700, 1700x700

**Advice:**

- Anti-slip base for added peace of mind
- Low threshold, 10mm tempered glass door treated with transparent water stain protector
- Manual locking system with simple to operate push and pull mechanism (20 Newtons / 4.5lbs of pressure)
- Metal components (handle, lock and hinges manufactured in polished Stainless Steel Alloy - Grade 304
- Twin waste for up to 40% quicker drainage and added safety
- Supplied with twin pop up wastes as well as x1 front and x1 end panel.

*For some, it can be difficult getting into a regular bath as the sides are too high to step over. The Bathe Easy walk-in bath range ensures easy bathing for those with restricted mobility, without the need to climb in and out. Great for those with little children too, saving your back from all of the strain!*

**Elderly**

**Families**

## STYLE

*Suitable for the entire family, this modern design features a low threshold door and a full width fold down seat for ease and versatility.*

(LH shown)

**Sizes Available (LH & RH):**  
1700x750, 1800x800

**Advice:**

- Low threshold door
- 8mm tempered glass access door
- 6mm tempered glass shower screen
- Fixed glass shower screen with hinged section
- Manual locking system with simple to operate push and pull mechanism
- Easy-click front & end glass panels
- Supplied with a cushioned headrest, a foldable seat and pop up waste.

### *Did you know?*

59% of disabled people who are 65 and over in the UK say that they will need accessible housing features in the next 5 years.

*A safe, stable solution for areas unable to fit a full size bath, deep soak baths are suitable for those with mobility problems. With attractive styling, and a built in seat they offer a relaxing, comfortable bathing experience.*

Suitable for those with additional physical requirements.

## FREEDOM MINI

*The Freedom Mini is one of the most compact deep soaking walk-in baths on the market, with an integral contoured seat and same generous door opening as the standard Freedom bath.*

Sizes Available (LH & RH):  
1060x660x936

### Advice:

- Inward opening door
- Slip resistant base
- Simple to operate, single lever door locking mechanism
- Comfortable integrated seat with contoured back
- Seat height of 370mm, overall internal depth of 775mm
- Single waste and overflow for simple installation
- Supplied with x1 front and x1 end panel.

## FREEDOM

*With an inward opening door, which widens to 370mm for easier access, the Freedom bath is the ideal deep soak bath for smaller bathrooms.*

Sizes Available (LH & RH):  
1270x660x936

### Advice:

- Elegantly designed with its contoured lines and stylish appearance
- Significantly lower than other walk-in baths
- Twin wastes for faster drainage & safety
- Strategically shaped inward opening door to allow for ease of entry
- Robust stainless steel door handle allows for ease of door closure
- Slip resistant base
- Textured seat at a generous height for comfort
- Extended back rest
- Constructed from highest grade GRP for durability
- Supplied with twin pop up wastes as well as x1 front and x1 end panel.

### Did you know?

There are around 13.3 million disabled people in the UK (almost 1 in 5 of the population).

# Deep Soak Baths

PERFECT ALTERNATIVE TO A FULL SIZE BATH

## SERENITY

*The most advanced walk-in deep soak bath on the market, the Serenity offers safe and unparalleled ease of entry and exit with extra wide door and lower-step-in threshold.*

**Sizes Available (LH & RH):**  
1300x660, 1300x750

### Advice:

- Exceptional 800mm wide door
- Seat well is exposed for a simple 'sit down and slide in' movement
- Ramped seat at 545mm high from the bathroom floor allows for easy transfer from a wheelchair
- Effortless lever handle with concealed catch bolt, ideal for arthritic hands
- Free standing and partly assembled for faster installation
- Patented door and water seal system
- Unique drain and pop up waste for faster drainage
- Slip resistant base
- Two internal grab rails
- Maximum user weight 35 stone
- Supplied with x1 front and x1 end panel.

The simple 'sit down and slide in' seat makes for the easiest bathing experience.

Suitable for those with additional physical requirements.

DEEP SOAK COMFORT

## COMFORT

*A safe, stable solution for areas unable to fit a full size bath, our Comfort deep soak bath is suitable for all those with mobility problems.*

**Sizes Available (LH & RH):**  
1210x650

### Advice:

- Low threshold door
- Anti-slip base for added peace of mind
- 10mm tempered glass door treated with transparent water stain protector
- Manual locking system with simple to operate push and pull mechanism (20 Newtons / 4.5lbs of pressure)
- Metal components (handle, lock and hinges) manufactured in polished Stainless Steel Alloy - Grade 304
- Twin waste for up to 40% quicker drainage and added safety
- Comfortable integrated seat
- Supplied with twin pop up wastes as well as x1 front and x1 end panel.

Take a look at our short shower screen which is suitable for all deep soak baths. See page 51 for more details.

NEW ADDITION • I'm new! • NEW ADDITION

# Power Traverse Baths

SUITABLE FOR A RANGE OF CARE ENVIRONMENTS

*Combining impressive levels of performance with exceptional value, the Marcella is designed to be a cost effective bathing solution suitable in a variety of care environments. The Marcella comes with powered seat traverse to ensure the safe and efficient transfer of bathers in and out of the bath.*

With its energy-efficient keyhole design and array of water-saving features, this versatile bathing system is extremely economical to run. Compact enough to fit into the space of a traditional style bath, the Marcella's remarkably long internal length and extra-wide seating area also delivers outstanding levels of comfort.

**Elderly**

**Specialist**

Suitable for those with additional physical requirements.

## MARCELLA

*The new Marcella bath is designed with a powered seat traverse to deliver a safe and easy bathing experience for all.*

Sizes Available (LH & RH):  
1500x750, 1700x750

### Advice:

- Powered seat traverse effortlessly transfers the bather into and out of the bath
- Featuring integrated BioCote anti-microbial technology as standard
- Innovative keyhole design reduces water usage whilst retaining wide seating area ensuring optimum comfort for bathers
- Easy-to-clean seat with nursing arms and integratedommel offers enhanced support
- Lightweight, ergonomic handset control
- 165kg safe lifting weight accommodates a wide variety of bather sizes
- Supplied with x1 front and x1 end panel
- WRAS approved chrome lever tap inc. TMV3 valve Waste Kit

Easily and safely transfers bathers in and out of the bath.

*Gives back  
independence in bathing*

*Did you know?*

By 2033 the number of people aged 85 and over in the UK is projected to more than double again to reach 3.2 million, and will account for 5% of the total population.

## LIBERTY

*The Liberty power seat bath provides a safe, reassuring independent bathing environment. The simple easy close, inward opening door gives clear uncluttered access, while the integral powered lift seat allows gentle lowering and lifting in and out of the bath.*

**Sizes Available (LH & RH):**  
1700x700

**Advice:**

- Easy close door
- Easy access via inward opening, gadget free door
- Integral, contoured seat with fold down arm-rests for bather comfort and support
- Low step height
- Powered lifting and lowering up to 24 stone (150kg)
- Specially moulded bath designed to complement the seat allows for deeper bathing experience
- Same capacity and size of conventional bath
- Safety features include automatic battery back-up in event of mains power failure
- Slip resistant base
- Twin pop up wastes for faster drainage
- Easy installation of powered lift - fits onto bath sub frame with no special requirements
- Supplied with twin pop up wastes as well as x1 front and x1 end panel.

# Grab rails & accessories

Our range of brassware has been developed with the wellbeing and safety of the whole family in mind, but particularly for those who are a little unsteady on their feet.

With our range of stainless steel grab rails and accessories, we ensure a high quality, reliable product but one which fits into any bathroom seamlessly as the style and form is just as high a priority. The classic stainless steel is easy to clean and has a long life guarantee too.

## VERTICAL GRAB RAIL WITH SHOWER HEAD HOLDER

Our slider grab rail includes a single handed operation shower head holder, for those who have limited hand use. These rails are produced in a 994mm length and are suitable for a person sitting in the shower area but also suitable for a person standing, and add to assisting others in showering. The rail incorporates a stylish shower handset holder, which is designed for use with one hand, by gently squeezing the handle to increase the height, or lower the shower head.

## STRAIGHT SAFETY GRAB RAIL

**Sizes Available:** 385, 537, 994mm

Our range of grab rails have been designed to enhance the shower or bathroom without looking institutional or clinical. They offer a warm and homely feel to the bathroom environment, and the two tone chrome is both stylish and practical. All fixings are concealed, making the product aesthetically pleasing too.

## SIDE FOLDING SAFETY SUPPORT

**Sizes Available:** 650, 750mm

This range has been developed to offer safety support to the growing ageing population and improving quality of life. It is elegant and discrete but safe and strong and folds away to give extra space. All fixings are concealed, making the product aesthetically pleasing too.

## FIXED BATH SEAT

**Sizes Available:** 700x308x153mm  
**Max weight capacity:** 150kg

Coated with biocompatible, warm-to-the-touch white vinyl.

## ADJUSTABLE BATH SEAT

**Sizes Available:** 800x334x162mm  
**Max weight capacity:** 150kg

This great removable chair has an expandable width of 66cm to 80cm, allowing all bathers to sit comfortably. Coated with biocompatible, warm-to-the-touch white vinyl.

## FOLD DOWN SHOWER SEAT

Slightly wider than the average shower seat, this new product from Bathe Easy has a slimmer design so as it folds against the wall it protrudes by only 70mm. A small water outlet hole is in the centre of the seat which prevents water filling the seat area. All fixings are concealed, making the product aesthetically pleasing too.

# Showers & accessories

Our range of showers and accessories have been developed to work hand-in-hand with our Bathe Easy range of baths to offer maximum safety.

## CUBE DELUXE

Geometric and minimalistic styling define the Cube Deluxe showering range from Bathe Easy. Combined with its thermostatic protection and innovative features to aid installation, it's a popular and reliable choice time after time. The Bathe Easy Cube Deluxe range has all you need for a great looking bathroom that is also as safe as it can be!

### SMOOTH SHOWER HOSE

There are a number of benefits to a smooth shower hose, from the ease of cleaning - as limescale cannot build up - through to it being kink and leak proof. It also offers a safer shower as it avoids nips and fingers getting caught.

### MULTI FUNCTION HANDSET

With 3 different functions, you get to choose.

### SAFE TOUCH BODY

The constant circulation of cold water under the surface of the valves ensures the surface will never be hot to touch.

### TELESCOPIC RISER

Allows the height of the riser to be easily adjusted and fixed according to requirement. The riser can also be adjusted horizontally to accommodate uneven walls.

The constant circulation of cold water under the surface of the valves ensures the surface will never be hot to touch.

All Cube Deluxe bar showers feature proven anti-scald thermostatic technology.

## CUBE DELUXE SAFE TOUCH DOUBLE SHOWER

Cube Deluxe safe touch thermostatic shower with adjustable riser, large stainless steel overhead soaker, push button handset and smooth hose.

Accredited TMV2 approval from BuildCert. WRAS approved.

## CUBE DELUXE SAFE TOUCH SINGLE SHOWER

Cube Deluxe safe touch thermostatic shower with flexible slide rail kit, smooth hose and push button handset.

Accredited TMV2 approval from BuildCert. WRAS approved.

## CLASSIC DELUXE SAFE TOUCH BATH SHOWER MIXER

Classic Deluxe safe touch thermostatic bath shower mixer with deck mounting legs, flexible slide rail kit, push button handset and smooth hose. The perfect addition to any Bathe Easy bath, this mixer gives fail safe protection on both the hot and cold supplies. Supplied with bath connectors so can be either wall mounted or bath mounted (shown).

## CUBE DELUXE SAFE TOUCH BATH SHOWER MIXER

Cube Deluxe safe touch thermostatic bath shower mixer supplied with deck mounting legs, flexible slide rail kit, push button handset and smooth hose. The perfect addition to any Bathe Easy bath, this mixer gives fail safe protection on both the hot and cold supplies. Supplied with bath connectors so can be either wall mounted (shown) or bath mounted.

Convenient, retractable diverting bath spout. The bath spout can easily be retracted under the bar valve for comfort and convenience. Supplied with bath connectors so can be either wall mounted or bath mounted.

# Showers & accessories

## CLASSIC DELUXE

The Classic Deluxe range is the ultimate combination of form and function featuring safe touch valve bodies and Bathe Easy's proven anti-scald thermostatic technology.

Give yourself peace of mind with our Classic Deluxe range that also has the benefit of looking pretty sleek too!

### Did you know?

This is the first time Bathe Easy have introduced anti-scald thermostatic technology! Shower bars are so easily accessed when in a bath or shower that we believed it was paramount to improve safety in this area.

### TELESCOPIC RISER

Allows the height of the riser to be easily adjusted and fixed according to requirement. The riser can also be adjusted horizontally to accommodate uneven walls.

### SAFE TOUCH BODY

The constant circulation of cold water under the surface of the valves ensures the surface will never be hot to touch.

### PUSH FUNCTION HANDSET

With an Aerating Spa Jet function you can choose the setting just right for you.

SPRAY AERATING SPA JET SPRAY + AERATING SPA JET

### ADJUSTABLE FIXING POINTS FOR RISER

Allows the installer to set fixing centres accordingly for specific installation.

The constant circulation of cold water under the surface of the valves ensures the surface will never be hot to touch.

All Classic Deluxe bar showers feature proven anti-scald thermostatic technology.

## CLASSIC DELUXE SAFE TOUCH SINGLE SHOWER

Our Bathe Easy Classic Deluxe shower has a thermostatic safe touch bar, ensuring no scalds or nasty surprises while showering! With a flexible slide rail kit, the shower can be any height to suit the user, perfect for the whole family. Plus the push button handset allows easy grip and the smooth hose avoids any water and dirt build up - great for easy cleaning too!

Accredited TMV2 approval from BuildCert. WRAS approved.

## CLASSIC DELUXE SAFE TOUCH SHOWER MIXER

Classic Deluxe thermostatic safe touch bar shower with push button handset and smooth hose (no slide rail kit). This shower mixer will never be hot to touch as it had a constant circulation of cold water under the surface.

Accredited TMV2 approval from BuildCert. WRAS approved.

## CLASSIC DELUXE SAFE TOUCH DOUBLE SHOWER

The Bathe Easy Classic Deluxe double shower has a large static overhead soaker that gives a rainfall effect but then a handy telescopic riser for easy use. The push button handset makes the choice of water flow simple and a fun feature for all the family. This shower is extremely easy to turn on and off, as well as control temperature given the carefully designed handles.

Accredited TMV2 approval from BuildCert. WRAS approved.

## VERTICAL GRAB RAIL WITH SHOWER HEAD HOLDER

Our vertical grab and shower slide rail offers additional peace of mind allowing users to steady themselves whilst under the shower.

The vertical grab and shower slide rail should be bought with the Classic Deluxe Safe Touch Shower Mixer (left).

The vertical grab and shower slide rail can also be bought with any of our single outlet showers as an alternative rail.

# Simply No Slip

Soapy water and smooth, curved or sloping surfaces can combine to make bathrooms, particularly baths and shower trays, very slippery and potentially dangerous – especially for young children or those who aren't steady on their feet.

Simply No Slip is a slip resistant coating, designed to be applied to acrylic and gel coat surfaces. As well as baths and shower trays, it is also suitable for outdoor hot tubs, swimming pool steps and fibreglass boats.

Simply No Slip is easy to apply and ensures the surface is much less hazardous when wet. It is a permanent, hygienic and practical alternative to bath and shower mats and paint or tapes.

Reduce the chance of slips and falls with this innovative easy to apply, post installation slip resistant treatment.

**COMFORT**  
Offering contentment and relaxation

**SAFETY FIRST**  
Acknowledges a variety of bathing needs

**DURABILITY**  
Considers endurance and longevity

## Key features

- Easy to apply
- Hygienic alternative to bath mats and stickers
- Dry and ready to use in 24 hours on acrylic baths.

VISIT OUR WEBSITE

Scan the QR code to visit the Simply No Slip website. You can find our application video and see the coating in action.

## Acrylic Slip Resistant Treatment

- Designed to be applied to acrylic bath and shower trays and gel coat trays
- Also suitable for hot tubs and fibreglass boats
- Simple roller application
- Creates a subtle grainy, translucent finish
- Long-lasting
- Hygienic alternative to bath mats or stickers
- Does not damage the surface being treated
- Ready to use in 24 hours
- 1 kit treats 1m<sup>2</sup> area
- Suitable for residential and commercial use.

# Bath Fittings

Throughout this brochure, there are references to the fittings that come with each bath Trojan manufacture. In the next 5 pages we give the detail behind each type of bath fitting we offer. However, the bath fittings vary dependent on geographical location so any queries, please do not hesitate to get in touch on 01484 648181.

*We strongly believe companies have a responsibility to impact positively on society and the environment.*

RESPONSIBLE MANUFACTURERS

## CSR STATEMENT

We aim to make a difference by ensuring two things. The first is that our employees can operate and feel comfortable in a safe and secure workplace. The second is that we maintain a healthy balance between the economy and our ecosystem.

Through investment, training and developing effective internal processes we endeavour to create a positive, ethical working environment. Our dedicated, highly skilled team are fully trained and supported at every step.

The environment is a key concern for Trojan and as such, we are constantly working to ensure our impact on the ecosystem is as minimal as possible. As well as on-site recycling facilities, we manufacture products that will in turn allow consumers to monitor their own impact on the world's resources.

Trojan are proud members of the British Safety Council. Since its foundation in 1957, the British Safety Council has campaigned tirelessly to protect workers from accidents, hazards and unsafe conditions, and played a decisive role in the political process that has led to adoption of landmark safety legislation in the UK.

With members in more than 60 countries, the BSC is committed to protecting and improving the wellbeing of workers believing that a healthy and safe work environment is also good for business. Here at Trojan, we have always had the same beliefs, with our workforce at the forefront of all investment.

## GREENEST MANUFACTURERS

Two of our three manufacturing sites are nestled in the Colne Valley, surrounded by forests, the Huddersfield Narrow Canal and the River Colne. We not only have a strong sense of the responsibility to the surrounding area but to the environment as a whole.

At a local level we are members of the 'Pennine Pack' which is operated by the Green Business Network and offers advice on environmental best practices with regards to waste reduction programmes. In addition, Trojan work closely with the local government and are members of the Environmental Partnership.

This government Partnership actively promotes local businesses to proactively deliver an ongoing carbon reduction programme, something we are proud to be a part of.

## SUSTAINABLE SOURCING

At a national and global level, Trojan avoids, where possible, importing raw materials from half way around the world where there is often little regard for the local or national environment.

The majority of the cardboard packaging used for our products is manufactured from 100% recycled cardboard. We also ensure our timber suppliers are FSC certified, enabling us to be confident that our timber is coming from sustainable forests.

At every step of the way, we endeavour to be the greenest manufacturer. Something we are proud of, and will always work hard to achieve.
