Easy Access Showers & Baths

TROJAN-BATHS.CO.UK

Welcome to Bathe Easy by Trojan

At Trojan, we believe bathing is more than a daily routine—it's a moment of personal comfort, independence, and dignity. Our Bathe Easy range is meticulously designed to transform bathroom experiences for individuals of all ages and abilities, eliminating barriers and restoring confidence.

Bathe Easy is where accessibility meets elegance. We know that physical limitations shouldn't mean compromising on style or safety. Our innovative designs seamlessly blend functional accessibility with contemporary bathroom aesthetics, ensuring your space remains both practical and beautiful.

Engineered for Comfort

Every Bathe Easy product is crafted with a deep understanding of diverse mobility needs. From walk-in showers and low-entry threshold baths to supportive handrails and accessories, each product and its features are thoughtfully integrated to provide security without feeling institutional.

Independence Redefined

Our solutions empower individuals to maintain their independence. Whether you're supporting an aging parent, managing a personal mobility challenge, or planning for future adaptability, Bathe Easy offers solutions that respect individual dignity.

A Commitment to Quality

Trojan's legacy of innovation meets our commitment to compassionate design. Each Bathe Easy product undergoes rigorous testing, ensuring reliability, durability, and user-centric performance.

Your Journey, Your Choice

Explore our brochure and discover how Bathe Easy can transform bathroom experiences for you, your family, or loved ones. We're not just selling products—we're offering freedom, comfort, and peace of mind.

Welcome to a new era of bathing.

Did you Know?

83% of people with disabilities

acquire them during their working lives rather than being born with them, indicating a growing need for adaptive solutions as the population ages.

Over 14.6 million people

in the UK reported a disability in 2021 – approximately 22% of the population, with numbers growing year-on-year since 2013.

The over-65 population

where mobility needs are more common, is projected to grow by 40% to 17.7 million by 2040, representing a significant expansion of the accessible products market.

Almost 45% of pension-age adults (65+)

report having a disability that impacts daily activities, highlighting the growing need for accessible home modifications.

BATHE EASY

Shower Baths

Bathe Easy shower baths are thoughtfully adapted versions of classic bath designs. With multiple door configurations and placement options across the range, we ensure you'll find the perfect match for both your accessibility needs and existing bathroom style.

Evolve Power Lift Sling Seat Bath

The Evolve Sling Seat Power Bath provides a safe, reassuring independent bathing environment. The simple easy close, inward opening door gives clear uncluttered access, while the sling seat allows gentle lowering and lifting in and out of the bath.

Supplied with:

- 10mm tempered glass inward opening door treated with transparent water stain protector
- Manual locking system with simple to operate push and pull mechanism
- [Bath] Metal components (handle, lock and hinges) manufactured in polished 304 Stainless Steel Alloy
- Full aluminium two part modular frame for easy installation
- Supplied semi-assembled for faster installation
- Ergonomic contoured seat with fold up armrests
- Light weight Ergonomic handset control
- Lithium battery for back up (apx 50 cycles from a full charge)
- Twin wastes, x1 front and x1 end panel
- Can be drilled on site for tap holes

BATHE EASY

Wellness & Additions

Transform your Bathe Easy bath into a personal sanctuary of relaxation with our premium Aquair air spa system. This sophisticated addition creates thousands of gentle, invigorating bubbles that massage your body, melting away tension and stress.

People with disabilities and mobility challenges deserve access to beautiful bathroom products that enhance their bathing experience. At Bathe Easy, we've designed a range of baths that can be upgraded with air spa and chromotherapy systems. These features create a relaxing sanctuary, offering a peaceful escape from the challenges of everyday life.

To further elevate your bathing experience, enhance your spa system with our state-of-the-art chromotherapy lighting feature. This therapeutic light system offers seven distinct colour options, each carefully selected to influence your mood and promote overall wellbeing. From calming blue tones that encourage deep relaxation to energising red hues that invigorate the senses, you can customise the ambiance to suit your needs. Whether you're seeking a therapeutic session to rejuvenate your body and mind, or simply wanting to create the perfect atmosphere for a luxurious soak, these premium features transform your daily bathing routine into an indulgent spa-like retreat in the comfort of your own home.

CSR Statement

At Trojan, our corporate social responsibility focuses on two fundamental pillars: our people and our planet. Our workforce is our greatest asset, and we demonstrate this through continuous investment in their development, safety, and wellbeing. We have created a positive and ethical working environment through comprehensive training programmes, career development opportunities, and robust internal processes.

Our highly skilled team benefits from ongoing support across all aspects of the business, ensuring they can thrive in a secure and comfortable workplace.

Environmental stewardship is central to our operations. We actively pursue initiatives to reduce our carbon footprint and minimise our environmental impact through innovative manufacturing processes and responsible resource management.

Our on-site recycling facilities and detailed environmental reporting enable our customers to accurately measure the carbon impact of our products, reflecting our commitment to transparency and sustainability.

As proud members of the British Safety Council (BSC), we align ourselves with an organisation that has been instrumental in shaping UK safety legislation since 1957. The BSC's mission to protect workers from accidents, hazards, and unsafe conditions perfectly mirrors our own values. Their influence in establishing landmark safety legislation in the UK demonstrates the importance of their work.

The BSC's international presence, spanning more than 60 countries, reinforces the universal truth that a healthy and safe work environment not only protects employees, but also drives business success. This philosophy has always been at the heart of Trojan's operations, evidenced by our consistent investment in our workforce and their safety.

Our comprehensive approach to corporate social responsibility ensures we maintain a harmonious balance between business growth and our responsibilities to both our employees and the environment, creating sustainable value for all our stakeholders.
